Homework Contract

Please put your initials next to the homework option that you choose and also print and sign your name at the bottom. Until we receive your signed contract and option choice we will assume that you’ve chosen Option 1. If you choose Option 1 you can switch to Option 2 at any time, but you will receive a zero for homework up to that time. If you choose Option 2, you cannot switch later to Option 1. If you are on Option 1 but would like your homework marked (but not counted), submit it before lecture on the due date.

_____ Option 1: You do not hand in homework and that component is not considered in the final grade.

_____ Option 2: You choose to hand in the homework and the final grade will be weighted as indicated in the information handout. If you choose this second option, we ask that you not use bibles and that you list the names of those you collaborated with on the problem set. If there is clear evidence of misuse of bibles or collaboration, your homework performance will be recorded as zero.

Print First and LAST NAME: ___________________________________________________________

Signature: ___________________________________________________________________________
