Write a 2–3 page report (due 11/28) summarizing the work you have accomplished so far.

Be sure to address the following questions:

1. What are the specific aims of your project? Have they changed since your initial proposal?

2. What have you accomplished towards your specific aims? Discuss results you have obtained so far (either positive or negative) and milestones you have met (or not).

3. How do you plan to complete the remaining milestones you have set, or revise the aims and/or timeline to successfully complete the project?

You will receive a response from the course staff including your projected score by 12/2.
