- **Regrade Policy:** Students who feel there is an error in the grading of their quiz have until **Friday April 24th** to submit the regrade request to their TA. **Do not write anything at all on the exam booklet!** Instead attach a note on a separate piece of paper explaining the putative error. Any attempt to modify a quiz booklet is considered a serious breach of academic honesty. We also reserve the right to regrade the entire quiz, not just the problem with the putative error.
